EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

Item No. 4

Ratification and Approval of remuneration of Cost Auditor

The Board of Directors of the Company at its meeting held on August 27, 2024 on the recommendation of the Audit Committee, have approved the appointment and remuneration of M/s. Sarat Mondal & Co., Cost Accountants (FRN: 24642), to conduct audit of Cost Records maintained by the Company for the financial year 2024-25.

In terms of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration of the Cost Auditors needs ratification by the Members. The Board has recommended the ratification of remuneration of Rs. 40,000/- (Rupees Forty Thousand only) plus taxes and other out of pocket expense to M/s. Sarat Mondal & Co.

None of the Directors/ Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the resolution set out at item No. 4 of the notice.

The Board recommends the resolution set forth in item No. 4 of the notice for approval of the members.

ITEM NO. 5

Regularization of Mr. Azhar Quadir (DIN: 07287027) as Non-Executive Independent Director

The Board of Directors in their meeting held on September 1, 2025 has appointed Mr. Azhar Quadir (DIN: 07287027) as an Additional Director in the category of Non-Executive- Independent Director to hold office upto to the date of ensuing 29th Annual General Meeting and as per the provisions contained under Section 161 of the Companies Act, 2013, the “Additional Director” so appointed shall hold office upto the date of the next Annual General Meeting or the last date on which the Annual General Meeting should have been held, whichever is earlier. Accordingly, Mr. Azhar Quadir (DIN: 07287027), as an Additional Director, holds office up to the date of this ensuing 29th Annual General Meeting.

In this regard, it is proposed to appoint Mr. Azhar Quadir (DIN: 07287027) as an Independent Director under Section 149 of the Companies Act, 2013 to hold office for a period of 5 (Five) consecutive years with effect from September 1, 2025, up to August 31, 2030 and he is not liable to retire by rotation.

Mr. Azhar Quadir (DIN: 07287027) is not disqualified from being appointed as director in terms of Section 164 of the Act and has given his consent to act as Director. The Company has also received declaration from Mr. Azhar Quadir (DIN: 07287027) that he meets with the criteria of independence as prescribed under sub-section (6) of Section 149 of the Act.

In the opinion of the Board of Directors, Mr. Azhar Quadir (DIN: 07287027) is eligible to be appointed as an Independent Director of the Company and fulfills all the conditions specified in the Act & the Rules made thereunder. A copy of the draft letter for Mr. Azhar Quadir (DIN: 07287027) as an Independent Director setting out the terms and conditions are available for inspection without any fee by the members at the Company's registered office during normal business hours on working days up to the date of the 29th AGM.

The Board considered that his continued association would be of immense benefit to the Company.

In compliance with the provisions of Section 149 read with Schedule IV of the Act, his appointment as an Independent Director is now being placed before the Members for their approval.

None of the Directors and Key Managerial Personnel or their relatives except Mr. Azhar Quadir (DIN: 07287027) is interested or concerned in the proposed resolution.

The Board recommends the Special resolution set forth at Item No. 5 of the Notice for the approval of the members.

DIRECTORS' REPORT

Dear Members,

The Board of Directors of your Company is pleased to present its 29th Annual Report together with the Audited Financial Statements of the Company for the Financial Year ended March 31, 2025.

Financial Performance

The highlights of financial performance of your Company (on standalone basis) for Financial Year ended on March 31, 2025 are as under:

<i>(Amount in Rs. Lakhs)</i>		
Particulars	For the year ended 31st March 2025	For the year ended 31st March 2024
Revenue from Operations	3863.33	2,261.39
Other Income	1074.56	1,983.60
Total Income	4,937.89	4,244.99
Total Operating Expenditure excluding Interest, Depreciation and Amortization	6328.56	8,696.14
Finance Cost	363.79	1,363.96
Depreciation and Amortization expenses	97.84	76.00
Total Expense	6790.19	10,136.10
Profit / (Loss) before tax	(1,847.79)	(4,818.20)
Profit / (Loss) after tax	(1,444.73)	(5,680.63)
Net Worth	2,56,091.71	2,57,533.38

As reported above, the total revenue during the Financial Year ended March 31, 2025, stood at INR 38,63,33,000 (Rupees Thirty-Eight Crores, Sixty-Three Lacs Thirty- Three Thousand Only) as compared to INR 22,61,39,000 (Rupees Twenty-Two Crores, Sixty-One Lacs Thirty-Nine Thousand Only) during the previous Financial Year. The Company incurred a loss of INR (14,44,73,000) (Rupees Fourteen Crores Forty-Four Lacs Seventy-Three Thousand Only) during the financial year under review as compared to loss of (56,80,63,000) (Rupees Fifty-Six Crores Eight Lacs Sixty-Three Thousand Only) during the previous financial year. The net worth of the Company has decreased from Rupees Two Thousand Five Hundred Seventy-Five Lacs Only as compared to current year i.e. Rupees Two Thousand Five Hundred Sixty Lacs Only.

State of Affairs of the Company

The Company is principally engaged in the business of promotion, construction, development and sale of integrated townships, residential and commercial multi storied buildings, houses, flats, shopping malls, etc.

Material Changes Affecting Financial Position

There are no material changes and commitments affecting the financial position of the Company which has occurred since the end of the financial year i.e. March 31, 2025.

Corporate Restructuring in the form of Scheme of Demerger

The Scheme of Arrangement (Demerger) under Section 391-394 of the Companies Act, 1956 was approved by the Equity Shareholders, Secured Creditors (including secured debenture holders) and Un-secured Creditors (including un-secured debenture holders) of Emaar MGF Land Limited (“Demerged Company”) and MGF Developments Limited (“Resulting Company”) and that the said demerger was passed by the Hon’ble National Company Law Tribunal (NCLT) vide its order dated July 16, 2018. Such Demerger will result in transfer of an undertaking, being part of the construction and development business of Emaar MGF Land Limited (“Demerged Company”) to MGF Developments Limited (“Resulting Company”), as provided in the Demerger Scheme approved by NCLT. The Demerger would lend greater focus on the operation of the Company’s businesses/projects and enable further growth and expansion of each business/project. The reorganization of these businesses/ projects will also enable focused leadership that is required by these businesses/projects which in turn will allow the businesses to undertake future expansion strategies for overall benefits.

However, on June 3, 2019, the Resulting Company had filed an application for enforcement of the Demerger Scheme before the NCLT under Section 231 of the Companies Act, 2013. Implementation of Demerger Scheme was not limited to guarantee(s) and documents/ agreement to transfer the assets. Such application, inter-alia seeks directions of NCLT to ask the Demerged Company to execute/perform various steps for implementation of Scheme. Further on November 19, 2019, NCLT passed an order for appointment of Hon’ble Justice D.K. Jain (Rtd.) for such implementation of scheme. Thereafter, on January 27, 2020, the Demerged Company categorically stated its unwillingness to continue and abandon the proceedings before Hon’ble Justice D.K. Jain (Rtd.) and therefore, the Resulting Company filed a fresh application for execution of the Demerger Scheme before the NCLT on February 01, 2020. The matter will be further listed on September 11, 2025 before NCLT.

Besides above, The International Chamber of Commerce, Arbitral Tribunal in London ("the ICC"), pronounced the Final Award dated September 10, 2024, in ICC Case No. 25000/HTG. The ICC Arbitral Tribunal awarded amounting to approximately Rs. 475 Crore against the Company and to pay interest (or the unpaid balance thereof) at the rate of 11.25% compounded quarterly from 30 June 2024 until full payment is made.

Execution proceedings in the present case are at a preliminary stage, with the High Court of Delhi yet to determine, in accordance with Sections 47 and 48 of the Act and after considering the reply and objections filed by the Company, whether the Final Award rendered by the ICC Arbitral Tribunal in London is enforceable in India. Until such adjudication is concluded, the Final Award shall not be deemed a “decree” of the High Court of Delhi and shall remain unenforceable in India.

The Final Award will attain the status of a decree of the High Court and become enforceable through legal process in India, including by recourse to Order XXI of the CPC, only upon a judicial determination affirming its enforceability under the Act and after adjudication on the merits of the Company’s reply and objections. This is a prospective event, as the High Court has not yet rendered its decision.

Further, the outcome of any court proceeding, including the present enforcement proceedings before the High Court, is inherently uncertain and beyond the control of the Company. Consequently, any liability purportedly arising under the Final Award is, from a legal standpoint, contingent in nature.

In line with the opinion of learned legal experts, the amount awarded under the Final Award by the ICC Arbitral Tribunal in London has accordingly been classified as a “contingent liability” in the Company’s financial statements. Owing to the ongoing dispute, the uncertainties associated with the outcome of the litigation and its consequential impact, and the pending final decisions on the aforementioned matters, no adjustment has been made in these standalone financial statements. Accordingly, the exact financial implications cannot be ascertained at present. If any such implications arise, they shall be accounted for in the financial year in which the final orders are issued by the Hon’ble Courts.

Transfer to Reserves

During the year under review, no amount has been transferred to the General Reserve of the Company.

Dividend

During the financial year, Company has incurred the loss therefore, your directors do not recommend any dividend for the Financial Year ended March 31, 2025.

Details in respect of Fraud

During the year under review, the Statutory Auditor in their report have not reported any instances of frauds committed in the Company by its Officers or Employees under section 143(12) of the Companies Act, 2013.

Share Capital

During the year, there were no changes in the authorized and paid-up capital of the Company.

Further, the Authorised Share Capital of the Company stands at Rs. 162,00,00,000/- (Rupees One Hundred Sixty-Two Crores Only). However, as on the date of this report, the Master Data of the Company is not updated in the record of the Ministry of Corporate Affairs, and the Authorised Share Capital of the Company still reflects on the website as Rs. 62,00,00,000/- (Rupees Sixty-Two Crores Only). Further, Company has submitted various request letters dated September 4, 2018, August 5, 2019, February 22, 2022 and August 22, 2025 to the Registrar of Companies, Ministry of Corporate Affairs, New Delhi, seeking to increase its authorised share capital from Rupees Sixty-Two Crore (INR 620,000,000) to Rupees One Hundred Sixty-Two Crore (INR 1,620,000,000) and to update its master data but it is still pending. Accordingly, in compliance with the Order of the NCLT, MGF increased its authorised share capital from Rupees Sixty-Two Crore (INR 620,000,000) to Rupees One Hundred Sixty-Two Crore (INR 1,620,000,000), with effect from July 16, 2018, and disclosed the same in the financial statements of the Company.

INDEPENDENT AUDITOR'S REPORT

To the Members of M G F Developments Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of M G F Developments Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss, including Other Comprehensive Income, the Statement of Changes in Equity, and the Cash Flow Statement for the year then ended and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the accompanying standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its loss and total comprehensive income, changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to the following matters in the Notes to the standalone financial statements of the Company:

- a) *Footnote of note no. 17 describes the company's accounting treatment of legal and professional expenses incurred in connection with proceedings before the ICC Arbitral Tribunal in London. The company has recognized these expenses as deferred revenue expenditure based on management's assessment of their future recoverability, whereas Ind AS requires such expenditures to be expensed as incurred, for the reasons stated therein.*
- b) *Footnote of note no. 24 regarding the Company has not made the provisions for interest or premium on NCD's in its financial statement for the year ended on March 31, 2025, for the reasons stated therein.*
- c) *Note No. 36B(c) describes the uncertainty relating to the outcome of lawsuits filed against the company. The execution proceedings are at a preliminary stage, with the Hon'ble High Court of Delhi yet to determine the enforceability in India of the final award rendered by the ICC Arbitral Tribunal in London. Until such determination is made, the award does not constitute a decree of the Hon'ble High Court and remains unenforceable. As the outcome of the enforcement proceedings is uncertain and beyond the company's control, any liability arising therefrom is considered contingent. Based on the advice of external legal counsel, the amount awarded has been classified as a contingent liability, and no adjustment has been considered in the standalone financial statements by management for the reasons stated therein.*
- d) *Note No. 50: The Enforcement Directorate (ED), Delhi Zone Office-II, is investigating a matter vide ECIR/DLZO-II/25/2023. In connection with this ongoing dispute with a certain company, the ED has passed Provisional Attachment Order (PAO) No. 02 of 2025, dated 20 January 2025, attached the company's immovable properties held as stock-in-trade and aggregating to ₹82.29 crore. Further, the Enforcement Directorate, Headquarter Investigation Unit, conducted a search on 16 January 2025 vide ECIR/HIU-II/21/2024 and subsequently passed Provisional Attachment Order (PAO) No. 09 of 2025, dated 29 April 2025, attached the company's immovable properties held as stock-in-trade and aggregating to ₹41.42 crore, for the reasons stated therein.*
- e) *Note No. 51 concerns the company, which has not recognized any liability related to ground rent/lease rent on the hotel plots at Jasola, New Delhi, in its financial statements for the reasons stated therein.*

Our opinion is not modified in respect of these matters.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report but does not include the financial statements and our auditor's report thereon. The Director's Report is expected to be made available to us after the date of this Auditor's Report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

SAMPARK & ASSOCIATES

Chartered Accountants

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Director's Report, if we conclude that there is a material misstatement of this other information, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in

SAMPRAK & ASSOCIATES

Chartered Accountants

accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our

SAMPRAK & ASSOCIATES

Chartered Accountants

audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

(1) As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in "Annexure 1", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

(2) As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph (i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014;

c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

d. In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of **M G F Developments Limited on the financial statements for the year ended March 31, 2025**]

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i)
 - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, plant and equipment.

(B) The company has maintained proper records showing full particulars of intangible assets.
 - (b) During the year, the Property, plant and equipment of the Company have been physically verified by the management and as informed, no material discrepancies were noticed on such verification. In our opinion, the frequency of verification is reasonable having regard to the size of the Company and the nature of its assets.
 - (c) The title deeds of immovable properties recorded as Property, Plant and Equipment in the books of account of the Company are held in the name of the Company, except for land situated at plot no. 15 and 15A of the Jasola project. These plots along with rights thereto have been transferred from Emaar India Limited to the Company, in pursuance of the Scheme of Arrangement approved by the Hon'ble NCLT by its order dated July 16, 2018.
 - (d) The company has not revalued its Property, Plant and Equipment or intangible assets or both during the year ended March 31, 2025.

ANNEXURE “2” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF M G F DEVELOPMENTS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **M G F Developments Limited (“the Company”)** as on **March 31, 2025** in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial control based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

The Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. The Company's internal financial control over financial reporting includes those policies and procedures that (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. Reporting Entity

M G F Developments Limited (“the Company”) was incorporated on September 16, 1996 under the Companies Act, 1956. The Company is principally engaged in the business of promotion, construction, development and sale of integrated townships, residential and commercial multi-storied buildings, houses, flats, shopping malls, hotels, IT parks, etc.

The accompanying financial statements reflect the results of the activities undertaken by the Company during the year April 01, 2024 to March 31, 2025.

2A. Basis of preparation.

(i) Statement of compliance:

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the ‘Act’) and other relevant provisions of the Act.

The Company’s financial statements up to and for the year ended March 31, 2017 were prepared in accordance with the Companies (Accounting Standards) Rules, 2006, notified under Section 133 of the Act and other relevant provisions of the Act (“Previous GAAP”).

These financial statements were authorised for issue by the Company’s Board of Directors on 01/09/2025

The accounting policies have been consistently applied by the Company for the financial years presented in the financial statements and are consistent with those used in the previous year.

(ii) Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle and other criteria set out in the Schedule III to the Act.

(iii) Functional and presentation currency

These financial statements are presented in Indian Rupees (Rs.), which is also the Company’s functional currency. All amounts have been rounded-off to the nearest lacs, unless otherwise indicated.

(iv) Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined benefit obligations

(v) Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements.

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending March 31, 2025.

(vi) Measurement of fair value

A number of accounting policies and disclosures require measurement of fair value for both financial and non-financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
 - In the absence of a principal market, in the most advantageous market for the asset or liability
- The principal or the most advantageous market must be accessible to/ by the Company.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2B. Significant accounting policies

(i) Revenue recognition

Revenue is recognised when it is probability that the economic benefits will flow to the Company and it can be reliably measured. Revenue is measured at the fair value of the consideration received/receivable net of rebate and taxes. The Company applies the revenue recognition criteria to the each nature of the revenue transaction set out below.

Revenue from real estate projects

Revenue from real estate projects under development is computed on the percentage of completion method. Revenue is recognised in the financial year in which the agreement to sell or application forms (containing sale in terms of agreement to sell) is executed, on the percentage of completion method which is applied on a cumulative basis in each accounting year to the current estimate of contract revenue and related project cost, once the condition is specified in 'Guidance note on accounting for Real Estate Transactions' are satisfied.

The estimates of the saleable area and cost are reviewed periodically and effect of any changes in such estimates is recognised in the period changes are determined however when the total project cost is estimated to exceed total revenue from the project the loss is recognised immediately.

Revenue from sale of land

Gain/loss from sale of undeveloped unsuitable land is recognised in the financial year in which transfer is made by registration of sale deeds or otherwise in favour of the buyers.

Revenue from collaboration agreement

Revenue from collaboration agreements is recognised as and when services are rendered in accordance with the terms of agreements entered with the collaborators, based on the percentage share of gross revenue of collaborators.

Revenue from Joint Development Agreement (JDA) executed with landowners:

JDA's enter into with landowners for the exchange of land against consideration in the form of property of development rights are treated as exchange of dissimilar goods and are accounted for at fair value. The revenue arising out of the same is measured at the fair value of goods received. When the fair value of goods received cannot be measured reliably, the revenue is measured at the fair value of the goods given up.

Income from compulsory acquisition of land

Income in respect of compulsory acquisition (both original and enhanced compensation) of land by the Government is recognised upon receipt of compensation order from the Government or court at an amount equivalent to gross amount received/receivable, net of cost of the land acquired by the Government.

Interest due on delayed payments and forfeiture income on cancelled units

Revenue is recognised as and when due to the extent certainly of payment realization is established in relation to such income.

Revenue from hospitality and leisure activities

Revenue is recognised as and when services are completely rendered and right to receive money has been established.

Other interest income

For all debt instruments measured at amortised cost interest income is recorded using the effective interest rate (EIR).

Dividend income

revenue is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

Unbilled receivable

Unbilled receivables represent revenue recognised based on percentage of completion method as per policy on revenue over and above the amount due as per the payment plans agreed with the customers.

(ii) **Property, plant and equipment**

Recognition and measurement

Items of property, plant and equipment are measured at cost net of recoverable taxes (wherever applicable), which includes capitalised borrowing costs less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, if any, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in the statement of profit and loss.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at April 1, 2016, measured as per the Previous GAAP, and use that carrying value as the deemed cost of such property, plant and equipment.

Subsequent expenditure

Subsequent expenditures are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced.

All other repairs and maintenance are charged to the statement of profit and loss during the reporting year in which they are incurred.

Depreciation methods, estimated useful lives and residual values

Depreciation on Property, Plant and Equipment is provided using written down value method on depreciable amount i.e. (cost less their estimated residual value) and is recognised in the statement of profit and loss. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.;

The useful lives of the assets are as under:

Particulars	Useful lives (in years)
Tangible assets:	
Furniture and Fixtures	10
Plant & Machinery	15
Office equipment	5
Vehicles	8-10
Leasehold Improvements	60
Computer equipment	3

M G F Developments Limited

Notes to the Financial Statements for the year ended March 31, 2025

Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets. Depreciation on addition to property, plant and equipment is provided on pro-rata basis from the date the assets are ready for intended use. Depreciation on sale/discard from property, plant and equipment is provided for up to the date of sale, deduction or discard of property, plant and equipment as the case may be.

Depreciation method, useful lives and residual values are reviewed at each financial year-end, and changes, if any, are accounted for prospectively.

(iii) Intangible assets

An intangible asset is recognised when it is probable that the future economic benefits attributable to the asset will flow to the company and where its cost can be reliably measured.

Intangible assets are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses. Cost comprises the purchase price and any cost attributable to bringing the assets to its working condition for its intended use.

Other intangible assets including those acquired by the Company in a business combination are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in the statement of profit and loss as incurred.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as at April 1, 2016, measured as per the Previous GAAP, and use that carrying value as the deemed cost of such intangible assets.

Amortisation

Amortisation is calculated to write off the cost of intangible assets over their estimated useful lives using the written down value method and is included in depreciation and amortisation in the statement of profit and loss.

The useful lives of intangible assets are as follows:

Intangible assets:	Useful lives (in years)
Trademark	10
Computer Software	5

Amortisation method, useful lives and residual values are reviewed at each financial year-end, and changes, if any, are accounted for prospectively.

Losses arising from the retirement of, and gain or losses arising from disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of asset and recognised as income or expense in the statement of profit and loss.

(iv) Impairment of non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's or CGU's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

Goodwill arising from a business combination is allocated to CGUs or groups of CGUs that are expected to benefit from the synergies of the combination.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

After impairment, depreciation/amortisation is provided on the revised carrying amount of the asset over its remaining useful life.

(v) Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

(vi) Financial instruments

i. Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, transaction costs that are directly attributable to its acquisition or issue, except for an item recognised at fair value through profit and loss. Transaction cost of financial assets carried at fair value through profit and loss is expensed in the statement of profit and loss.

ii. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- Fair value through other comprehensive income (OCI), or
- Fair value through profit and loss (FVTPL)

M G F Developments Limited

Notes to the Financial Statements for the year ended March 31, 2025

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI - equity investment). This election is made on an investment by investment basis.

All financial assets not classified to be measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated - e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and

M G F Developments Limited

Notes to the Financial Statements for the year ended March 31, 2025

- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features; prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Financial assets: Subsequent measurement and gains and losses

Financial assets at amortised cost: These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses, if any. Interest income and impairment are recognised in the statement of profit and loss.

Financial assets at FVTPL: These assets are subsequently measured at fair value. Net gains and losses, including any interest income, are recognised in the statement of profit and loss.

Equity investments at FVOCI: These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in the statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the statement of profit and loss. Any gain or loss on derecognition is also recognised in the statement of profit and loss.

iii. Offsetting

Financial assets and monetary liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the assets and settle the liabilities simultaneously.

iv. Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the statement of profit and loss.

v. Impairment of financial instruments:

The Company recognises loss allowances for expected credit losses on:

- Financial assets measured at amortised cost; and
- Financial assets measured at FVOCI- debt investments

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit- impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;

M G F Developments Limited

Notes to the Financial Statements for the year ended March 31, 2025

- a breach of contract such as a default or being past due for 150 days or more;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Expected credit loss:

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than agreed credit period.

The Company considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is past due and not recovered within agreed credit period.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive). Presentation of allowance for expected credit losses in the balance sheet.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

(vii) **Employee Benefits**

Short term employee benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages, and bonus etc are recognised in the statement of profit and loss in the year in which the employee renders the related service. The liabilities are presented as current employee benefit obligation in statement of financial position.

Long term employee benefits

Defined contribution plan: Provident fund

All employees of the Company are entitled to receive benefits under the Provident Fund, which is a defined contribution plan. Both the employee and the employer make monthly contributions to the plan at a predetermined rate as per the provisions of The Employees Provident Fund and Miscellaneous Provisions Act, 1952. These contributions are made to the fund administered and managed by the Government of India. The Company has no further obligations under the plan beyond its monthly contributions.

Defined Benefit Plan: Gratuity

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods.

The Company provides for retirement benefits in the form of Gratuity. Benefits payable to eligible employees of the company with respect to gratuity is accounted for on the basis of an actuarial valuation as at the balance sheet date. The plan provides for lump sum payments to vested employees on retirement, death while in service or on termination of employment in an amount equivalent to 15 days basic salary for each completed year of service. Vesting occurs upon completion of five years of service. The present value of such obligation is determined by the projected unit credit method and adjusted for past service as at the balance sheet date through which the obligations are to be settled.

The resultant actuarial gain or loss on change in present value of the defined benefit obligation is recognised as an income or expense in the other comprehensive income.

The Company determines the net interest expense on the net defined benefit liability for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability, taking into account any changes in the net defined benefit liability during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the statement of profit and loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in the statement of profit and loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Other long-term benefits: Compensated absences

Benefits under the Company's compensated absences scheme constitute other employee benefits. The liability in respect of compensated absences is provided on the basis of an actuarial valuation using the Projected Unit Credit Method. done by an independent actuary as at the balance sheet date. Actuarial gain and losses are recognised immediately in the statement of profit and loss.

(viii) **Income tax**

Income tax comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets - unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be real.

Minimum alternate tax

Minimum Alternative Tax ('MAT') credit entitlement under the provisions of the Income-tax Act, 1961 is recognised as a deferred tax asset when it is probable that future economic benefit associated with it in the form of adjustment of future income tax liability, will flow to the Company and the asset can be measured reliably. MAT credit entitlement is set off to the extent allowed in the year in which the Company becomes liable to pay income taxes at the enacted tax rates. MAT credit entitlement is reviewed at each reporting date and is recognised to the extent that is probable that future taxable profits will be available against which they can be used. Significant management judgement is required to determine the probability of recognition of MAT credit entitlement.

(ix) Contingent Liability, Contingent Asset and Provisions

Contingent liability

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote.

Contingent assets

Contingent assets are possible assets that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Provisions

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

(x) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current financial liabilities in the balance sheet.

(xi) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average numbers of equity shares outstanding during the period are adjusted for events such as bonus issue, share split or consolidation of shares.

M G F Developments Limited

Notes to the Financial Statements for the year ended March 31, 2025

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted into equity shares as at the beginning of the period, unless they have been issued at a later date.

(xii) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

In accordance with Ind AS 108 - Operating Segments, the operating segments used to present segment information are identified on the basis of internal reports used by the Company's Management to allocate resources to the segments and assess their performance.

Segment Earnings Before Interest, Tax and Depreciation ('EBITDA') is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing is determined on an arm's length basis.

The operating segments have been identified on the basis of the nature of products/services.

The Board of Director(s) are collectively the Company's 'Chief Operating Decision Maker' or 'CODM' within the meaning of Ind AS 108.

g) The Hon'ble National Company Law Tribunal ("NCLT"), has approved the Scheme of Arrangement (hereinafter referred to as "the Scheme") by way of demerger between Emaar MGF Land Limited ("Demerged Company") and MGF Developments Limited ("MGF" or "Resulting Company") on July 16, 2018 vide Order no. 7869 and accordingly, pursuant to the provision of the Companies Act, 2013, Effective Date of Demerger Scheme is July 16, 2018.

Clause 9.6 of the Scheme of Arrangement is reproduced herein below:

Upon the coming into effect of the Scheme, the authorised share capital of the Demerged Company to the extent of Rupees One Billion (INR 1,000,000,000) shall be transferred to the Resulting Company. The authorised share capital of the Resulting Company shall stand automatically increased by the said amount, without any further act or deed and accordingly the existing capital clause in the Memorandum of Association of the Resulting Company shall stand altered to such extent. It is clarified that the alteration to the capital clause shall be an integral part of the Scheme and shall become operative on the Scheme becoming effective by virtue of the fact that the shareholders of the Resulting Company, while approving the Scheme as a whole, have also resolved and accorded the relevant consents as required respectively under Section 13, 14, 61 (to the extent notified) and Section 64 of the Act or any other applicable provision of the Act and shall not be required to pass separate resolutions as required under the Act.

As per the said clause 9.6 of the Scheme, considering the Order of NCLT, Demerged Company was required to transfer Authorised Share Capital to the extent of Rupees One Hundred Crore (INR 1,000,000,000) to the Resulting Company and update its master data on the MCA Portal, hence, make enable to Resulting Company to issue equity shares to shareholders of Demerged Company pursuant to the Scheme,.

In view of the above, the Resulting Company submitted various request letters dated September 4, 2018, August 5, 2019, February 22, 2022 and August 22, 2025, to the Registrar of Companies, Ministry of Corporate Affairs, New Delhi, seeking to increase its authorised share capital from Rupees Sixty-Two Crore (INR 620,000,000) to Rupees One Hundred Sixty-Two Crore (INR 1,620,000,000) and to update its master data. Accordingly, in compliance with the Order of the NCLT, MGF increased its authorised share capital from Rupees Sixty-Two Crore (INR 620,000,000) to Rupees One Hundred Sixty-Two Crore (INR 1,620,000,000), with effect from July 16, 2018, and disclosed the same in the financial statements of the Company.

The company has filed a petition before the Hon'ble National Company Law Tribunal (NCLT), Principal Bench, New Delhi, seeking an order for the effective implementation of the Scheme of Arrangement for the demerger of Emaar MGF Land Limited (the Demerged Company).

In accordance with the Scheme, the security package, along with the associated guarantee, has yet to be effected by Emaar MGF Land Limited. Consequently, the NCD liability has been recognised and recorded in the company's books of account.

The Scheme has not yet been fully implemented by the Demerged Company. As a result, the company has not made any provision for interest or premium on the NCDs for the period from the date of order of Scheme of Arrangement to the year ended 31 March 2025, in its books of account. These provisions will remain pending until an order for the implementation of the Scheme is issued.

c. Claims against the company not acknowledged as debt (refer note 2 below)	47,500.00	-

Amount above includes:**Note-1**

The Commissioner (Appeals-1), CGST, Delhi North, passed an order on 19.11.2024 confirming a demand of INR 102.16 Lacs on account of Service Tax and penalty for the period from April 2016 to June 2017. The company filed an appeal against the order before the Customs, Excise and Service Tax Appellate Tribunal, New Delhi. Based on legal advice from independent legal counsel, as well as the appeal's grounds and supporting evidence, the management believes there is a strong likelihood of a successful outcome in the company's favor and that the entire demand raised by the AO is likely to be set aside.

The management is of the opinion that, based on issues decided in the earlier year and the legal advice that the ultimate outcome of the legal proceedings in respect to tax matters, as given above, will not have material adverse effect to the financial position of the Company.

Note-2

The International Chamber of Commerce, Arbitral Tribunal in London ("the ICC"), pronounced the Final Award dated September 10, 2024, in ICC Case No. 25000/HTG. The ICC Arbitral Tribunal awarded amounting to approximately Rs. 475 Crore against the Company and to pay interest (or the unpaid balance thereof) at the rate of 11.25% compounded quarterly from 30 June 2024 until full payment is made.

Execution proceedings in the present case are at a preliminary stage, with the High Court of Delhi yet to determine, in accordance with Sections 47 and 48 of the Act and after considering the reply and objections filed by the Company, whether the Final Award rendered by the ICC Arbitral Tribunal in London is enforceable in India. Until such adjudication is concluded, the Final Award shall not be deemed a "decree" of the High Court of Delhi and shall remain unenforceable in India.

The Final Award will attain the status of a decree of the High Court and become enforceable through legal process in India, including by recourse to Order XXI of the CPC, only upon a judicial determination affirming its enforceability under the Act and after adjudication on the merits of the Company's reply and objections. This is a prospective event, as the High Court has not yet rendered its decision.

Further, the outcome of any court proceeding, including the present enforcement proceedings before the High Court, is inherently uncertain and beyond the control of the Company. Consequently, any liability purportedly arising under the Final Award is, from a legal standpoint, contingent in nature.

In line with the opinion of learned legal experts, the amount awarded under the Final Award by the ICC Arbitral Tribunal in London has accordingly been classified as a "contingent liability" in the Company's financial statements. Owing to the ongoing dispute, the uncertainties associated with the outcome of the litigation and its consequential impact, and the pending final decisions on the aforementioned matters, no adjustment has been made in these standalone financial statements. Accordingly, the exact financial implications cannot be ascertained at present. If any such implications arise, they shall be accounted for in the financial year in which the final orders are issued by the Hon'ble Courts.

Note-3

Furthermore, certain legal proceedings are ongoing before the Hon'ble NCLT, the Hon'ble High Courts, and various other Hon'ble Courts, for proper implementation of the Demerger Framework Agreement executed by Emaar MGF Land Limited (now known as Emaar India Limited) and Emaar Properties PJSC. Any adjustments on account of amount and/or land area, if applicable, shall be considered in the financial year in which the final orders in those proceedings are pronounced by the Hon'ble Courts.

Accordingly, the exact financial implications cannot be ascertained at present. If any such implications arise, they shall be accounted for in the financial year in which the final orders are issued by the Hon'ble Courts.

Based on the legal advice of independent legal counsel and considering the grounds of appeal and supporting evidence, the management believes that there is a strong likelihood of a favourable outcome. Nevertheless, due to the ongoing dispute and the uncertainties associated with the outcome of the litigation and its consequential impact, as well as the pending final decisions on the aforementioned matters, no adjustment has been made in these standalone financial statements.

Note-4

a) The Enforcement Directorate (ED), Delhi Zone Office-II, is investigating a matter under ECIR/DLZO-II/25/2023 in relation to certain transactions involved in our earlier Joint Venture with Emaar India Limited (formerly known as Emaar MGF Land Limited). In the ongoing dispute, Emaar India Limited registered an FIR (No. 146/2022) with the EOW, Delhi, on the basis of which the ED registered the aforesaid ECIR and passed the Provisional Attachment Order (PAO) No. 02 of 2025, dated 20 January 2025, attaching the Company's immovable properties held as stock-in-trade and aggregating to ₹82.29 crore.

b) In a strange occurrence, the Enforcement Directorate (ED) registered another ECIR/HIU-I/21/2024 based on the same FIR, which is alleged to be illegal and is currently under challenge before the Hon'ble Delhi High Court through Criminal Writ Petition No. 730 of 2025 and Civil Writ Petition No. 1692 of 2025. In CWP 1692 of 2025 two applications were filed, namely CM APPL.14590/2025 (seeking quashing of OA-61/2025 passed by adjudicating authority) and CM APPL.14591/2025 (Stay) wherein vide order dated 11.03.2025 Hon'ble Delhi High court has granted a stay order. Pursuant to this ECIR, a search was conducted by the Enforcement Directorate, Headquarters Investigation Unit, on 16 January 2025 at various business premises of the Company, its associates, directors, and employees. During the search, the ED froze some bank accounts maintained and operated by the Company. Thereafter, it merged ECIR/HIU-I/21/2024 with the earlier ECIR/DLZO-II/25/2023 of the Delhi Zone Office-II and passed Provisional Attachment Order (PAO) No. 09 of 2025, dated 29 April 2025, thereby attaching the Company's immovable properties held as stock-in-trade and aggregating to ₹41.42 crore.

The matters remain ongoing, and the Company is regularly providing the documents and information required by the Enforcement Directorate (ED). Neither the property attachments nor the freezing of bank accounts has been vacated as of the date of these financial statements. The Company has filed various petitions before the appropriate Hon'ble Courts to defend itself in the aforesaid matters. The management is of the opinion that there is a strong likelihood of a favourable outcome.

C. Contingent assets:

Contingent assets may arise from legal proceedings currently ongoing before the Hon'ble NCLT, the Hon'ble High Courts, and various other Courts concerning the final award pronounced by the ICC Arbitral Tribunal-London and other related matters, which pertain to the proper implementation of the Demerger Framework Agreement executed by Emaar MGF Land Limited (now known as Emaar India Limited) and Emaar Properties PJSC. These matters are still pending before the aforementioned forums and give rise to the possibility of future economic benefits to the company.

Since the exact financial quantification of the contingent assets cannot be determined and has also not been accrued at present, any related financial implications, if applicable, shall be considered in the financial year in which the final order(s) are issued by the Hon'ble NCLT, the Hon'ble High Courts, or any other relevant court. Accordingly, no adjustments have been made for these contingent assets in the standalone financial statements.

37 Employee benefits

The Company contributes to the following post-employment defined benefit plans in India.

(i) Defined Contribution Plans:

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards provident fund and EDLI, which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to the statement of profit and loss as they accrue.

	Year ended March 31, 2025	Year ended March 31, 2024
Contribution to provident fund	50.42	48.10

(ii) Defined Benefit Plan:**Gratuity**

The Company operates a post-employment defined benefit plan for Gratuity. This plan entitles an employee to receive half month's salary for each year of completed service at the time of retirement/exit.

The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognize each period of service as giving rise to additional employee benefit entitlement and measures each unit separately to build up the final obligation.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at 31 March 2025. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

A. The following table set out the status of the defined benefit obligation

D. Plan assets

Plan assets comprises of the following:

	<u>March 31, 2025</u>	<u>March 31, 2024</u>
Funds Managed by Insurer	-	-

On an annual basis, an asset-liability matching study is done by the Company whereby the Company contributes the net increase in the actuarial liability to the plan manager in order to manage the liability risk.

E. Actuarial assumptions**a. Economic assumptions**

The principal assumptions are the discount rate and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis. Valuation assumptions are as follows which have been selected by the company.

	March 31, 2025	March 31, 2024
Discount rate	6.93%	7.23%
Expected rate of future salary increase	6.00%	6.00%

The discount rate has been assumed at 6.93% (March 31, 2024: 7.23%) which is determined by reference to market yield at the balance sheet date on government securities. The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

b. Demographic assumptions

	March 31, 2025	March 31, 2024
i) Retirement age (years)	59.00	59.00
ii) Mortality rates inclusive of provision for disability	100% of IALM (2012 - 14)	100% of IALM (2012 - 14)
iii) Ages	Withdrawal Rate (%)	Withdrawal Rate (%)
Upto 30 years	7	7
From 31 to 44 years	2	2
Above 44 years	2	2

F. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	March 31, 2025		March 31, 2024	
	Increase	Decrease	Increase	Decrease
Discount rate (0.50% movement)	(4.45)	4.75	(4.10)	4.38
Future salary growth (0.50% movement)	3.43	(3.46)	3.30	(3.13)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Sensitivities due to mortality and withdrawals are not material and hence impact of change not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

Description of Risk Exposures:

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such company is exposed to various risks as follow -

A) Salary Increases- Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.

B) Investment Risk - If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.

C) Discount Rate: Reduction in discount rate in subsequent valuations can increase the plan's liability.

D) Mortality & disability - Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.

E) Withdrawals - Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

G. Expected maturity analysis of the defined benefit plans in future years

Particulars	March 31, 2025	March 31, 2024
Duration of defined benefit obligation		
Less than 1 year	20.20	11.40
Between 1-2 years	4.20	8.79
Between 2-5 years	22.55	15.55
Over 5 years	73.59	69.70
Total	120.54	105.44

Expected contributions to post-employment benefit plans for the year ending March 31, 2026 are INR 23.78 lacs.

The weighted average duration of the defined benefit plan obligation at the end of the reporting period is 12.51 years (March 31, 2024: 12.58 years).

(iii) Other long-term employee benefits:

The company provides for compensated absences to its employees. The employees can carry-forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilized wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. During the year ended March 31, 2025, the Company has incurred an expense on compensated absences amounting to INR 21.41 lacs (previous year INR 25.88 lacs). The Company determines the expense for compensated absences basis the actuarial valuation of plan assets and the present value of the obligation, using the Projected Unit Credit Method.

A. The following table set out the status of the defined benefit obligation

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Sensitivities due to mortality and withdrawals are not material and hence impact of change not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

Description of Risk Exposures:

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such company is exposed to various risks as follow -

A) Salary Increases- Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.

B) Investment Risk - If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.

C) Discount Rate: Reduction in discount rate in subsequent valuations can increase the plan's liability.

D) Mortality & disability - Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.

E) Withdrawals - Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

Level 1: It includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments.

The Company's borrowings have been contracted at floating rates of interest. Accordingly, the carrying value of such borrowings (including interest accrued but not due) which approximates fair value.

The carrying amounts of trade receivables, trade payables, cash and cash equivalents and other financial assets and liabilities, approximates the fair values, due to their short-term nature. Fair value of non-current financial assets which includes bank deposits (due for maturity after twelve months from the reporting date) and security deposits is similar to the carrying value as there is no significant differences between carrying value and fair value.

The fair value for security deposits were calculated based on discounted cash flows using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

Valuation processes

The Management performs the valuations of financial assets and liabilities required for financial reporting purposes on a periodic basis, including level 3 fair values.

There are no transfers between level 1 and level 2 during the year. There are no financial assets/ liabilities measured at fair value/ amortised cost for which level 1 and level 2 inputs have been used. Accordingly, disclosures related to level 1 and 2 inputs are not applicable.

b. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk

b. Financial risk management (continued)**(i) Credit risk**

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the balance sheet

Particulars	March 31, 2025	March 31, 2024
Investments	9,441.38	9,115.17
Trade receivables	2,362.37	2,376.08
Cash and cash equivalents	502.01	289.88
Bank balances other than Cash and Cash equivalents	561.72	593.42
Other financial assets	78,481.07	83,940.78

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

The Company's credit risk is primarily to the amount due from customers. The Company maintains a defined credit policy and monitors the exposures to these credit risks on an ongoing basis. Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with scheduled commercial banks with high credit ratings assigned by domestic credit rating agencies.

The maximum exposure to the credit risk at the reporting date is primarily from trade receivables. Trade receivables are unsecured and are derived from revenue earned from customers primarily located in India. The Company does monitor the economic environment in which it operates and the Company manages its Credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of customers to which the Company grants credit terms in the normal course of business.

On adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company establishes an allowance for impairment that represents its expected credit losses in respect of trade receivable. The management uses a simplified approach (i.e. based on lifetime ECL) for the purpose of impairment loss allowance, the company estimates amounts based on the business environment in which the Company operates, and management considers that the trade receivables are in default (credit impaired) when counterparty fails to make payments for receivable more than 180 days past due. However the Company based upon historical experience determine an impairment allowance for loss on receivables.

The Company's exposure to credit risk for trade receivables are as follows:

Particulars	Gross carrying amount	
	March 31, 2025	March 31, 2024
1-90 days past due	311.58	236.12
90-180 days past due	24.19	28.45
180-270 days past due	33.95	20.58
270-360 days past due	0.91	-
more than 360 days past due	5,132.97	5,273.94
	<u>5,503.60</u>	<u>5,559.08</u>

In case of payments due from related parties there is no default as there is insignificant credit risk. This definition of default is determined by considering the business environment in which entity operates and othe macro-economic factors. Further, the Company does not anticipate any material credit risk of any of its other receivables.

The Company believes that the unimpaired amounts that are past due by more than 180 days are still collectible in full, based on historical payment behaviour and analysis of customer credit risk.

Movement in the allowance for impairment in respect of trade receivables:

b. Financial risk management (continued)

(ii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they fall due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation

The Company believes that its liquidity position, including total cash (including bank deposits under lien and excluding interest accrued but not due) of INR 502.01 lacs as at 31 March 2025 (31 March 2024: INR 289.88 lacs) and the anticipated future internally generated funds from operations will enable it to meet its future known obligations in the ordinary course of business.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash and funding from group companies to meet its liquidity requirements in the short and long term.

The Company's liquidity management process as monitored by management, includes the following:

- Day to day funding, managed by monitoring future cash flows to ensure that requirements can be met.
- Maintaining rolling forecasts of the Company's liquidity position on the basis of expected cash flows.

B. Financial risk management (continued)

iii. Market risk

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, the Company mainly has exposure to two type of market risk namely: currency risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Other price risk

The company's non-listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The company manages the equity price risk through diversification and by placing limits on individual and total equity instruments. Reports on the equity portfolio are submitted to the company's senior management on a regular basis. The company's Board of Directors reviews and approves all equity investment decisions.

Since the entity's exposure to unlisted equity securities is limited to subsidiary/associate Company and it has opted to measure the same at cost accordingly disclosure related to sensitivitty analysis has not been provided.

iii. Market risk

Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from long-term and short term borrowings with variable interest rates, which expose the Company to cash flow interest rate risk.

Exposure to interest rate risk

The Company's interest rate risk arises majorly from the term loans and cash credit from banks carrying floating rate of interest. These obligations expose the Company's cash flow to interest rate risk. The exposure of the Company's borrowing to interest rate changes as reported to the management at the end of the reporting period are as follows:

The company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Variable-rate instruments

	As at 31 March 2025	As at 31 March 2024

46 Capital Management

For the purpose of the Company's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders of the Company.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

To maintain or adjust the capital structure, the Company may return capital to shareholders, raise new debt or issue new shares.

The Company monitors capital on the basis of the debt to capital ratio, which is calculated as interest-bearing debts divided by total capital (equity attributable to owners of the parent plus interest-bearing debts).

Particulars	As at 31 March 2025	As at 31 March 2024

49 Incorporation pursuant to demerger order

(a) The National Company Law Tribunal (NCLT) vide its order dated July 16, 2018 approved the arrangement as embodied in the Scheme of arrangement ("Scheme") between Emaar MGF Land Limited (the Demerged Company) and MGF Developments Limited (the resulting company) and their respective shareholders and creditors and the same has been filed with the Registrar of Companies on July 31, 2018. The scheme is effective from September 30, 2015 ("the appointed date"). Accordingly, all the assets, rights, powers, liabilities and duties of the demerged undertaking are incorporated in the resulting Company from the appointed date.

(b) Pursuant to the Scheme, the Company recognised the assets and liabilities of the demerged undertaking at the respective book values as appearing in the books at the close of the day immediately preceding the appointed date. The details of assets and liabilities demerged are as follows:

As on September 30, 2015

Tangible assets	41,590.60
Capital work-in-progress	9,766.02
Non-current investments	11,241.48
Long-term loans and advances	2,299.16
Inventories	74,876.28
Trade receivables	1,750.90
Cash and bank balances	3,873.11
Short-term loans and advances	1,97,408.83
Other current assets	3,553.22
Total assets (A)	3,46,359.60
Short-term borrowings	6,196.61
Trade payables	4,524.98
Other liabilities	81,360.54
Short-term provisions	88.50
Total liabilities (B)	92,170.63
Net assets (A-B)	2,54,188.97

(c) The excess of assets over liabilities as on September 30, 2015 has been recognised as capital reserve of Rs. 254,188.97 Lacs

(d) The accounting treatment as prescribed in Scheme is not in line with Appendix A to Indian Accounting Standards (Ind As) 10 according to which the Company should have recognised the assets and liabilities of demerged undertaking at the respective fair values on the day it approved by relevant authority i.e. NCLT. But pursuant to the clarifications released by Ind AS Transition Facilitation Group (ITFG) the accounting treatment required under an order of court or tribunal (or other similar authority) overrides the accounting treatment that would otherwise be required to followed in respect of the transaction and it mandatory for the company concerned to follow the treatment as per the order of the court/ tribunal. Considering the facts as stated above, the Company has accounted this transaction in accordance with scheme approved by NCLT.

50 a) The Enforcement Directorate (ED), Delhi Zone Office-II, is investigating a matter under ECIR/DLZO-II/25/2023 in relation to certain transactions involved in our earlier Joint Venture with Emaar India Limited (formerly known as Emaar MGF Land Limited). In the ongoing dispute, Emaar India Limited registered an FIR (No. 146/2022) with the EOW, Delhi, on the basis of which the ED registered the aforesaid ECIR and passed the Provisional Attachment Order (PAO) No. 02 of 2025, dated 20 January 2025, attaching the Company's immovable properties held as stock-in-trade and aggregating to ₹82.29 crore.

b) In a strange occurrence, the Enforcement Directorate (ED) registered another ECIR/HIU-I/21/2024 based on the same FIR, which is alleged to be illegal and is currently under challenge before the Hon'ble Delhi High Court through Criminal Writ Petition No. 730 of 2025 and Civil Writ Petition No. 1692 of 2025. In CWP 1692 of 2025 two applications were filed, namely CM APPL.14590/2025 (seeking quashing of OA-61/2025 passed by adjudicating authority) and CM APPL.14591/2025 (Stay) wherein vide order dated 11.03.2025 Hon'ble Delhi High Court has granted a stay order. Pursuant to this ECIR, a search was conducted by the Enforcement Directorate, Headquarters Investigation Unit, on 16 January 2025 at various business premises of the Company, its associates, directors, and employees. During the search, the ED froze some bank accounts maintained and operated by the Company. Thereafter, it merged ECIR/HIU-I/21/2024 with the earlier ECIR/DLZO-II/25/2023 of the Delhi Zone Office-II and passed Provisional Attachment Order (PAO) No. 09 of 2025, dated 29 April 2025, thereby attaching the Company's immovable properties held as stock-in-trade and aggregating to ₹41.42 crore.

The matters remain ongoing, and the Company is regularly providing the documents and information required by the Enforcement Directorate (ED). Neither the property attachments nor the freezing of bank accounts has been vacated as of the date of these financial statements. The Company has filed various petitions before the appropriate Hon'ble Courts to defend itself in the aforesaid matters. The management is of the opinion that there is a strong likelihood of a favourable outcome.

51 Under the Scheme of Arrangement, the Company received leasehold hotel land, namely Plot 15 and Plot 15A at Jasola, New Delhi. The Delhi Development Authority (DDA) has issued a cancellation letter for Plot No. 15. The Company is taking necessary steps, including pursuing legal remedies, and, based on the facts and past judgments in similar cases, anticipates a favourable outcome.

MGFD has filed a petition before the Hon'ble NCLT, Principal Bench, New Delhi, seeking implementation of the Scheme, which requires Emaar to execute certain documents, including assignment deeds for the aforesaid land. Once the assignment deed is executed in favour of MGFD, MGFD can represent itself before the DDA to take steps to renew the lease deed in the Company's favour. Accordingly, the Company has not recognised any liability for ground rent or lease rent on the said plots in its financial statements.

- 52 These financial statements were authorized for issue by Board of Directors on 01/09/2025.
- 53 The Company has reclassified/regrouped previous year figures where necessary to conform to the current year's classification.
